

SMALL, VERSATILE & ESSENTIAL FOR ANY SHOP

THE DADO LASER WELDER

TECHNOLOGY: Laser

The DADO Laser Welder

- Easy to use
- 10x microscope
- 0.2 - 1.5 mm spot size
- Comes with everything you need
- Small footprint - can be placed anywhere

FEATURES

DADO WELDING APP

The DADO comes with its own app that allows users to set their welding parameters right from their smart phone or tablet.

VOCAL ASSISTANT

Let the DADO talk to you. If an error occurs while you are using the DADO, the voice assistant will speak the error to you.

LED STATUS INDICATOR

The LEDs inside the welding chamber will change color as you change the parameters. Colors indicate power levels.

ACCESSORIES INCLUDED

A complete system should be complete. That's why the DADO comes equipped with all the accessories you need.

MOBILE INTERFACE

The mobile app for the DADO is easy to use and intuitive. Manage all the DADO parameters and its status right from your screen.

EASY SETUP

The DADO is quick to setup and begin welding. Remove the DADO from the box, add water, download app, weld!

APPLICATIONS

- Dental Appliances
- Jewelry
- Metal Smithing
- Small Metal Parts
